

RWE & Turcas Board of Directors Visit Power Plant and School in Denizli

Denizli, June 5, 2014

Executives of RWE & Turcas Güney Elektrik Üretim A.Ş. visited the Denizli Combined Cycle Natural Gas Plant on Thursday, June 5, prior to the Board of Directors meeting in Denizli. After the meeting, executives visit two primary schools built with the support of RWE & Turcas, and made a courtesy visit to Governor Abdülkadir Demir at his office.

RWE & Turcas CEO Ralph Jaeger, Turcas Petrol Chairman Erdal Aksoy, Turcas Petrol CEO Batu Aksoy, RWE & Turcas CFO Olaf Eschmann, CTO Hans-Jürgen Petschke, Ayşe Baykut Dallal, Arkin Akbay and Plant Director Seyhan Karabulut visited the Denizli Combined Cycle Natural Gas Plant, RWE & TURCAS Güney Elektrik Üretim A.Ş. joint venture with a production capacity of 775 MW. Executives witnessed the operation of the state-of-the-art plant on site.

After the plant visit, the group visited two primary schools where 23 new classrooms were built with the support of RWE & Turcas to provide 800 students with better schooling conditions. The group was received by Principal İbrahim Özdemir and Assistant Principal Mehmet Uysal in the Kaklık Primary School; Principal Abdülmuttalip Ünlü and Assistant Principal Nuri Aykut in the Kaklık Middle School, and Principal Abdi Yılmaz and Assistant Principal Sündüz Kaya in the Şehit Eyüp Altın School.

RWE & Turcas CEO Ralph Jaeger, Turcas Petrol Chairman Erdal Aksoy, Turcas Petrol CEO Batu Aksoy, RWE & Turcas CFO Olaf Eschmann and CTO Hans-Jürgen Petschke made a courtesy visit to Abdülkadir Demir, Governor of Denizli, at his office.
